

What I Always Wanted (Live Version)

Kittie

(Opened up it's revealed)

Savor this

(don't get lost in the lie)

Hit or miss

Beside myself with doubt push on what's to come must be proved

Focus bliss

Charcoal stares

One foot at a time

Smear those lines

(It's what)(I)(thought)

I thought I found what I always wanted

Bare with me

Bare with me

certainty is not at hand

I can't keep my eyes shut

You talk not listen

I thought I found what I always wanted

Bare with me

Bare with me

I got what I always wanted

I got just what I always wanted
