# Arm Yourself

## BulletProof Messenger

This is the way of the bold and the fallen
Breaking our backs on the weight of nothing
Slow as it goes there's no time to expose we
Live in our lifes and pretend it's all right
And you go, when you start to leave the shelter
Now it's time you breath
You have to -

Arm yourself with the will to react to
The sight of certain death, disaster
Finds it's mark on the hearts of the weak
And will fall to your strength

Rest on the shore let the end of the world come
Say to yourself well so much for my four-o-one
'Kay now I'm done and I'm glad I'm the one who
Lived to the end to exact my revenge

You should know when you start to live
When it's hard to breath
Away from the shelter
With all I am
Just understand
I can't hold any longer (longer 7X)

(3X)
Arm yourself with the will to react to
The sight of certain death, disaster
Finds it's mark on the hearts of the weak
And will fall to your strength
