

# Baby Come On (Acoustic Version)

+44

She's a pretty girl. She's always falling down  
And I think I just fell in love with her  
But she won't ever remember, remember And I can always find her at the bottom of a plastic cup  
Drowning in drunk sincerity  
A sad and lonely girl Quit crying your eyes out  
Quit crying your eyes out and, Baby come on  
Isn't there something familiar about me?  
The past is only the future with the lights on  
Quit crying your eyes out, Baby And she said,  
I think we're running out of alcohol. Tonight, I hate this fucking town  
And all my best friends will be the death of me  
But they won't ever remember, remember So please take me far away, before I melt into the ground  
And all my words get used against me  
This sad and lonely girl Quit crying your eyes out  
Quit crying your eyes out and, Baby come on  
Isn't there something familiar about me?  
The past is only the future with the lights on  
Quit crying your eyes out, Baby Quit crying your eyes out  
Quit crying your eyes out and, Baby come on  
Isn't there something familiar about me?  
The past is only the future with the lights on  
Quit crying your eyes out, Baby Isn't there something familiar about me?  
Quit crying your eyes out  
The past is only the future with the lights on  
So quit crying your eyes out, Baby
