

When I'm Blind

Built to Spill

When will I realize
when I'm blind?
When will I realize
when I'm blind?
Stars fall down,
burn the ground,
won't make a sound.
Waters rise,
drown the sky,
don't seem surprised. I got lost.
I got lost. When will I realize
when I'm blind?
When I'm fine I'll see
what is wrong with me. When will I realize
when I'm blind?
When I'm fine I'll see
what is wrong with me.
