

Little Lies (Instrumental)

Dave Barnes

Everything is beautiful
Cotton fields, the open road
Your radio plays a song
We both know, we don't sing along La la la la la

These little lies

La la la la la

These little lies

These little lies Words can be daffodils

Or a fire in an open field

I'm sitting here in the ash

Stupid words, I can't take back La la la la la

These little lies

La la la la la

These little lies

These little lies There's a devil on my shoulder, babe

And I believe too many things he says

I'm fighting these fears as I find the truth

And I'm sorry for hurting you La la la la la

These little lies

La la la la la

These little lies
