

I Miss You

Beyonce Knowles

I thought that things like this get better with time
But I still need you, why is that?
You're the only image in my mind
So I still see you, around I miss you, like everyday
Wanna be with you, but you're away
Said I miss you, missing you insane
But if I got with you, it feel the same Words don't ever seem to come out right
But I still mean em, why is that?
It hurts my pride to tell you how I feel
But I still need to, why is that? I miss you, like everyday
Wanna be with you, but you're away
I said I miss you, missing you insane But if I got with you, could it feel the same
It don't matter who you are
It's so simple, a feeling
But it's everything no matter who you love
It is so simple, a feeling
But it's everything I miss you, like everyday
Wanna be with you, but you're away
I said I miss you, missing you insane
But if I got with you, it feel the same It don't matter who you are
It's so simple, a feeling
But it's everything no matter who you love
It is so simple, a feeling
But it's everything
