

Playing With Fire

Gravitonas

I was hiding in the dark
Playing hard to catch I spent my time
Now I'm swimming with the sharks
I was warned of you but crossed the line
You could rip my heart to pieces drag me in the dirt
Still I'm yearning for your touch though I know it hurts
Cause I'm playing with fire
When I'm playing with you I crash and burn
You've got me rewired
When I fall off the edge there's no return
I'm playing with fire fire
I'm playing with fire
Blood is rushing through my veins
When I feel your beat I come alive
There's a wicked chemistry
Only you and me tonight we shine
You could rip my heart to pieces drag me in the dirt
Still I'm yearning for your touch though I know it hurts
Cause I'm playing with fire
When I'm playing with you I crash and burn
You've got me rewired
When I fall off the edge there's no return
I'm playing with fire fire
I'm playing with fire
My body's burning my heart is yearning
I know I crossed the line
I'm playing with fire with fire
The passion of the crime
Playing with fire fire
