Airlock

Lady, where do you feel this life is taking you?
Lady,what have your hopes and dreams transformed into?
Lady, you came away from home to an unown world
Don't look back - don't look downLady, can you come against your destiny
Lady, you're reasoning with things you cannot see
Lady, you wanted to laugh at the days to come
Don't look back - don't look downWho do you trust
Who will you turn to
Where will you go
And how will you break throughShe's crying behind a veil of smiles
She's wiping away the tears of strife
She's running for her life
No place to goSmooth was the sound of her voice
Smooth was the touch of her hand
Don't look back - don't look downWho do you trust
Who will you turn to
Where will you go
And how will you break throughChorus
