

# Upper Middle Class White Trash

Lee Brice

I just got off of work at 5  
Drivin' that old van I drive  
Overalls and dirty boots  
But Uncle Bill needed a funeral suit  
So when I walked in that fancy store  
Well they looked at me like I was poor  
But a wad of hundred dollar bills caused a stir  
It went from 'don't take checks' to 'right away, yes sir!'  
Upper middle class white trash  
My pockets can't hold all my cash  
'Cause one day I stopped to pee  
Got some gas and won the lottery  
Now I'm investin' in my neighborhood  
My friends and family, they're all livin' pretty good!  
My trailer park's full of Cadillacs  
And upper middle class white trash  
Well I got my homeboy Chris a brand new shop  
For all those cars on cinder blocks  
And cousin Charlie, well he thinks it's cool  
To keep a large mouth bass in his new swimmin' pool  
I had a birthday party for mama last night  
In her ninety and a half foot triple-wide  
You ain't seen nothin' if you ain't seen  
NASCAR on a sixty inch plasma screen  
Upper middle class white trash  
My pockets can't hold all my cash  
'Cause one day I stopped to pee  
Got some gas and won the lottery  
Now I'm investin' in my neighborhood  
My friends and family, they're all livin' pretty good!  
My trailer park's full of Cadillacs  
And upper middle class white trash  
We're buyin' chicken wings by the bucket!  
We can't eat 'em all, we just say 'chuck it'  
All the Miller Light you can handle  
A hundred and fifty-seven movie channels  
Upper middle class white trash  
Our pockets can't hold all our cash  
'Cause one day I just had to pee

Got some gas and won the lottery  
Now I'm investin' in my neighborhood  
My friends and family, they're all livin' pretty dag gum good!  
My trailer park's full of Cadillacs  
And upper middle class white trash  
So pop a top, sit back and relax  
All you upper middle class white trash  
Ha ha ha
