

Can't Let Go

The Janes

The Janes - Can't Let Go

Kelly;

I remember when we first met
In the time and the place and what you wearin'
And everything you said
Feels like it was yesterday
I wish we never said goodbye
Then again I wish we never said hello
If we never said hi
I wouldn't be stuck and thinkin' about everything we could've been, should've been
Everything we would've been if you've been more than love
You're playing in my head like a re-run
How can we be two when we used to be one?
I wish we strangers
I wish I didn't know you

All;

'Cause I can't stop myself from thinking about you
I wish I could just turn my mind off me wasting you
But I

I can't let go
I can't let
I can't let go
I can't let go
I can't let go
I can't let
I can't let go
I can't let go
I can't let go
I can't let
I can't let go
I can't let go
I can't let go
I can't let go
I can't let

Gotta let you go x5 (gotta let gotta let gotta let you go x2)

Tayla;

I remember when you first left
In the time and the place and what you wearin'
And everything you said
Feels like it was yesterday
I wish we never said goodbye
Then again I wish we never said hello
If we never said bye
I wouldn't be stuck and thinkin' about everything we could've been should've been
Everything we would've been if you've been more than love
You're playing in my head like a re-run
How can we be two when we use to be one?
I wish we strangers
I wish I didn't know you

All;

'Cause I can't stop myself from thinking about you
I wish I could just turn my mind off me wasting you
But I

(Sings x2)

I can't let go
I can't let
I can't let go
I can't let go
I can't let go
I can't let
I can't let go
I can't let go
I can't let go
I can't let
I can't let go
I can't let go
I can't let go
I can't let go
I can't let

Gotta let you go x5 (gotta let gotta let gotta let go)

I remember when we first met
