Rumpshaker

Kid Ink

[Hook]
That, racks in the flex, rumpshaker
I just wanna see you move your moneymaker
Get stupid let me see you acting fool with it
Yeah you got it girl but what you gonna do with it
What you gonna do
Yeah you got it girl but what you gonna do with it
What you gonna do
Yeah you got it girl but what you gonna do with it
What you gonna do
[Verse 1]
Its 11:45 at night
Just start my day
Looking for the party
Work hard to play
Walk in the club
Lights all over the place
But these haters cant see me
Cause your ass all in my way
Take turn, take off
Let me get a taste
I dont need a plate
Eat it with my face
Just keep it real girl
For fuck if its fake
As long as its round
Not pointy like a stake
Yeah you got it
But what you gonna do with it
Just one song come and give me 2 minutes
Please dont be mad if I grab it
You get it from your momma and your granny
[Hook]
You got that
Racks in the flex, rumpshaker
I just wanna see you move your moneymaker
Get stupid let me see you acting fool with it
Yeah you got it girl but what you gonna do with it
What you gonna do

Yeah you got it girl but what you gonna do with it
What you gonna do
Yeah you got it girl but what you gonna do with it
What you gonna do
Get stupid let me see you acting fool with it
Yeah you got it girl but what you gonna do
[Verse 2]
Lay it like the samon
Let me take a sleep back
Think I need a lap dance
Lost in a trance
I can barely take my eyes off
Stuck like glue, make it work
No time-off
Get that ass in them sea cups
Bouncing like Bay Watch
Nicky from her butt down
Cant fit in them jeans much
Work some, if you back it off
Might hurt somebody
Where you get all that from
Im ready for the show
Act 1 Now
Have fun, shots coming
You can have some
Tryin to have fun
But I think I need a sec though
And thick like scissors and Im lit
Like a matchbox, dont throw it up
Ba-donka-donk you can meet me at the black side
[Hook]
You got that
Racks in the flex, rumpshaker
I just wanna see you move your moneymaker
Get stupid let me see you acting fool with it
Yeah you got it girl but what you gonna do with it
What you gonna do
Yeah you got it girl but what you gonna do with it
What you gonna do
Yeah you got it girl but what you gonna do with it
What you gonna do
Get stupid let me see you acting fool with it
Yeah you got it girl but what you gonna do
