

# MCE (Man Crush Everyday)

## SWV

Wake up and think of you like damn  
What the hell have you done to me now  
Have you seen yourself in the mirror  
Shake my head and look at you  
Perfect picture, perfect picture  
Them other girls they want the pearls  
But fly away, fly away  
That baby, that baby, I been on you lately

You shot me down  
I go bang, bang  
You ain't know you got me  
You give me butterflies  
(inside, inside, inside)

They say  
Who got you feeling this way  
Who got you feeling this way  
I tell 'em that's my man crush everyday  
Man crush everyday  
Man crush everyday  
Man crush everyday  
Who got you feeling this way  
Who got you feeling this way  
I tell 'em that's my man crush everyday  
Man crush everyday  
Man crush everyday  
Man crush everyday

You got exactly what I need  
You know, I want you  
(Want you, want you, want you baby boy yeah)  
Looking at your pictures  
Wishing I could be with you  
Tell me how long I have to wait  
Baby, make no mistake

You shot me down  
I go bang, bang  
You ain't know you got me

You give me butterflies  
(inside, inside, inside)

They say  
Who got you feeling this way  
Who got you feeling this way  
I tell 'em that's my man crush everyday  
Man crush everyday  
Man crush everyday  
Man crush everyday  
Who got you feeling this way  
Who got you feeling this way  
I tell 'em that's my man crush everyday  
Man crush everyday  
Man crush everyday  
Man crush everyday

That's my baby (that's my baby), everyday  
Even though I've never seen him face to face  
Love Sunday, Monday, Tuesday, Wednesday  
Thursday, Friday, Saturday (Everyday)  
That's about a week to keep that boy  
You give me butterflies  
As it must be your [?]  
Liking your id pictures  
But I just can't wait to see you  
I don't see nobody  
I'm [?] up on the ground  
My girls like hot damn  
You love 'em like that's your man

They say  
Who got you feeling this way  
(Who got you feeling this way)  
Who got you feeling this way  
I tell 'em that's my man crush everyday  
Man crush everyday  
Man crush everyday  
Man crush everyday  
(He stole my heart)  
Who got you feeling this way  
(I love you baby)  
Who got you feeling this way  
I tell 'em that's my man crush everyday  
Man crush everyday

Man crush everyday
