

# Araby

Kevin Coyne

I want to take a trip to Araby  
I want to take a trip to Araby  
I want to see the sun descend on a maiden's knees I want to ride in a great bronze butterfly  
I want to ride in a great bronze butterfly  
I want to see the sun descend in a great big blue Arabian sky I want to go where white men never go  
I want to go where white men never go  
I want to see those natives dancing their ho-di-ho, dancing their Oh, dance all night  
I want to take my trip to Araby  
I want to take my trip to Araby
