## Groove Armada

You say you don't need them  
But when you don't need them  
You send them off  
Yeah, you send them off Do what you think you should do  
Leave them like you said you would do  
But you never stop  
It's how you are Better fight  
You better fight, yeah  
You better fight  
If you, if you stand up Look me in the eye, sister  
We're just mocked by doofus  
I am a stranger  
Giving it up against the wall  
Up against the wall  
Up against the wall You don't own me  
Oh, you don't let it be  
Just 'cause you're lost  
Don't cut off your arm Before it comes now  
Before it comes down  
Before it comes down  
Are you ready for Look me in the eye, sister  
We're just mocked by doofus  
I am a stranger  
Giving it up against the wall  
Up against the wall  
Up against the wall  
Up against the wall  
Up against the Before it comes now  
Before it comes down  
Before it comes down  
Are you ready for  
Ready for Don't you blame it on me  
Don't you blame it on me Look me in the eye, sister  
We're just mocked by doofus  
I am a stranger  
Giving it up against the wall  
Up against the wall  
Up against the wall  
Up against the wall

Up against the wall  
I think you know about it  
Think you know about it  
Think you know about it  
Think you know about it  
Think you know  
Think you know  
Look me in the eye, sister  
Look me in the eye, sister  
Think you know about it  
Think you know about it  
Up against the wall  
Up against the wall  
Up against the wall
