

# Lady Killers II (Christoph Andersson Remix)

G-Eazy

[Hook]

Got on my leather jacket, thriller  
There sure ain't nothin' iller  
Man I'm a lady killer, if I want her I'mma steal her  
I promise I could make her fly away like caterpillars  
So if you don't know by now then you should probably get familiar[Verse 1]  
Just give her; you got no hope, not no sliver  
All day I keep drinking whiskey straight until I got no liver  
Cold like (brr!), make you shiver  
Snatching bitches, leave you bitter  
I see what I like then I just go go get her lady killer, get familiar  
Yeah, I respond to what I like  
Swear this shit goes down like every other night  
Man I fuckin' love this life  
Put it down and these hoes sayin' they love the pipe  
No, I'm not the bring back to your mother type, no  
Off that whiskey, 101 proof  
I'm just mixing that with Vermouth  
She'll be taken if you're aloof  
We just fucked on top of that roof  
This is real life, these ain't just no raps I kick in the booth  
Every thing I say is the truth  
Make her disappear just like poof  
Then she's gone  
Addicted don't know what the fuck I'm on  
I can't stop it when I feel it coming on  
When we chill it starts with smoking something strong  
Take her down and then she'll be the surface that I'm cumming on[Hook][Verse 2]  
You're not built like that  
Homie, don't get kilt like that  
Always browsing 20,000 I'm trying to be Wilt like that  
Sick as fuck, I'm ill like that  
Roll up then I will light that  
I just keep it real like that  
I'm taking chicks I'll steal like that  
When I get that look in my eye  
Can't stop me, don't even try  
Text me soon as I will reply  
Next up you'll be waving her bye

Then she's gonners; ain't hard to tell  
She's smart as hell - that's honors  
Don't sleep because it's too easy, I'm out here robbing yawners  
Yeah, every night I'm signing boobs with sharpie pens  
Crew's rambunctious, raging 'till the party ends  
Catch me crashing openings at galleries with artsy friends  
Rich girls pull up, park the 'Benz  
Flip her, see how far she bends  
We start the trends, it's true  
This is what I do man, this is nothing new  
I feel sorry for the dude who's cuffing you  
Girl it's up to you, let me know what to do  
Take her down and afterwards she gets around and loves the crew[Hook][Outro] x4  
And I'm a lady killer; I'm a, I'm a lady killer
