

Don't You Lie to Me

Chuck Berry

Let's talk it over baby before we start
You know, I heard about the way that you do your part
Don't lie to me, don't you lie to me
'Cos it makes me mad and I get shook up as a man can be
You know, there's two kinds of people that I just can't
stand
That's a lying woman and a cheating man
Don't lie to me, don't you lie to me
'Cos it makes me mad, I get shook up as a man can be
Yeah Well, I can love you baby till the cows come home
But I'm so sick and tired of you treating me wrong
Don't lie to me, don't you lie to me
'Cos it makes me mad and I get evil as a man can be
Well if you love me baby and it ain't no lie
I'll be with you baby till the well runs dry
Don't lie to me, don't you lie to me
'Cos it makes me mad and I get shook up as a man can be
