

Robot Parade (Adult Version)

They Might Be Giants

In a future time children will work together to build a giant Siborg
Robot parade, robot parade, wave the flags that the robots made
Rob parade, robot parade, robots obey what the children say
There's electric cars, there's electric trains, here
comes a robot with electric brains
Robot parade, robot parade, wave the flags that the robots made
Robot parade, robot parade, robots obey what the children say
