No Need

Strangers With Candy

Remember things that I forget
Isn't now and wasn't then
Now, I'm laying on my back again
I don't care, I let you win again
And I don't need anything, I've left behind
No need for anyone to show me how
Don't lie to me, I already lied to myself
Didn't bother me, don't bother
Believe me when I say that
It wasn't me, I'm just a friend, who likes to pretend
And I don't know how you think that I don't care
I gave in, let you win
I don't need anything I've left behind

No need for anyone to show me how
Don't lie to me, I already lied to myself
Didn't bother me, don't bother me
It's what I am, understand
It's what I am, understand
I don't need anything I've left behind
No need for anyone to show me how
Don't lie to me, I already lied to myself
Didn't bother me, don't bother me
So watch me as I go away
When I go, when I go away
When I go, when I go away
