

Once Around the Ride

Cinderella

See me, feel me, come and touch me
The way I touch you
In the crossfire, live wire, who said maybe
I said maybe won't do
The sands of time are slipping by
Dust to dust, no second try
You're only goin'
Once around the ride, yeah
You're only goin'
Once around the ride
Rock hard, got an ace card
I ain't crazy
Just got nothin' to do
Day breaks, I'll take
Can't wait forever
'Cause my life will be through
The sands of time are slipping by
Dust to dust, no second try
You're only goin'
Once around the ride, yeah
You're only goin'
Once around the ride
