

A Very Hard Act to Follow

Naked Eyes

She said that the part is over
In the morning she comes to Dover
She always been a loner
Nobody ever known herAre those mysterious eyes
That you try hard to disguise
I knew I would find
You'd be a very hard act to follow
I, don't see no future in tomorrowThough the girls are meeting
It can't give me that feeling
Does it take a lot of beating?
Nothing else has meaning
MeaningAre those mysterious eyes
That you try hard to disguise
I knew I would find
You'd be a very hard act to follow
I, don't see no future in tomorrow
Love is hard to follow
Love is hard to followAre those mysterious eyes
That you try hard to disguise
I knew I would find
You'd be a very hard act to follow
I, don't see no future in tomorrow
Love is hard to follow
Love is hard to follow
It's such a very hard act to followA very hard act to follow
She is, she is
A very hard act to follow
She is, she is
A very hard act to follow
She is, she is
A very hard act to follow
She is, she is
A very hard act to follow
She is, she is
A very hard act to follow
She is, she is...
