You Say That

Junior Boys

I've been waiting every single day
But you don't know
You don't know
All the times I stayed away baby
You don't know
You don't know
There's a little piece of me inside you
But you don't know
You don't know
Every time I see you I'm excited
But you don't know
You don't know
Falling down, can't stay [?]
I've been waiting
But you don't know, you don't know
Your heart [?]
I read the phases of the moon
You lied and said you're sure you're mine
And we made love and now we're both alone
But you say that I am the dirty one
I am the dirty one
I am the dirty one
Yeah yeah
I am the dirty one
I am the dirty one
I am the dirty one
MmmThere's a million things I never started
But you don't know
You don't know
Once I had to ask you where you heart is
Said you don't know
You don't know
If you're the one I want i gotta fight it
Said you don't know
You don't know
And it's I after I after I after I after I after I
Falling in bed now
Understand
I've been waiting

But you don't know
You don't know
But you say that I am the dirty one
I am the dirty one
I am the dirty one
Yeah
Don't you know that I am the dirty one
I am the dirty one
I am the dirty one
Yeah
Don't you know that I am the dirty one
I am the dirty one
I am the dirty one
Mmm
Don't you know you know that i am the dirty one
I am the dirty one
I am the dirty one
Yeah
