Silvertears

Evil's Toy

Empty streets left alone
Water drops falling down
A gray and empty sky washes all your tears away
See the stars hiding away
From this vicious circle of drugs

For life you are the looser with no second chance
Fading hopes blown away
You are waiting for the night

You're playing hide and seek with the devil in the sky
See the bright big city lights
A colorful and fatal trap

Left freezing on the pavement ? you never had a chance
For another day
Lost memories are calling
For another day
Your silver tears are falling
