Sincerely Yours

Hit the Lights

So wake up, and let go
Of these feelings that I've had for you
It's easier said than done
So give up, and let go
Of these feelings that I've had for you
Why couldn't you be one?But it's a guilty pleasure
Deciding whether you were ever mine or not
But it's just apparent
That you weren't ever mine to startWhat will it take to make you
Understand that I
I'm not lying when I say I need you
What will it take to make you
Understand that I
I'm not lying when I say I need youSo don't close your eyesEvery night I catch you up
I never once heard you say stop
But right I wish I had
I wish I had the nerve to tell you that I'm a wreck
But what really did you expect
You never listened to what I said to youBut it's a guilty pleasure
Deciding whether you were ever mine or not
But it's just apparent
That you weren't ever mine to startWhat will it take to make you
Understand that I
I'm not lying when I say I need you
What will it take to make you
Understand that I
I'm not lying when I say I need youBut now this broken soul of a boy
Falls in pieces with no choice
At the sound of her voice
He falls apart
But now this broken soul of a boy
Falls in pieces with no choice
At the sound of her voice
He falls apart, he falls apart, he falls apartWhat will it take to make you
Understand that I
I'm not lying when I say I need you
What will it take to make you
Understand that I

I'm not lying when I say I need you
