Goose

I'm feeling the lion. I feel the sapphire in me.
It's all too soon December. I collect the memories.
It's all 'bout the lion in me, it's a sign.
It's all 'bout the lion, the secret in me. Yeah I can control my body.
No I can't control my head. I'm feeling the lion. I feel the sapphire in me.
It's all too soon December. I collect the memories.
It's all 'bout the lion in me, it's a sign.
It's all 'bout the lion, the secret in me.
Yeah I can control my body.
No I can't control my head.
Yeah I can control my body.
No I can't control my head. I'm feeling the lion. I feel the sapphire in me.
It's all too soon December. I collect the memories.
It's all 'bout the lion in me, it's a sign.
It's all 'bout the lion, the secret in me. I feel lying. As if i'm me.
I feel lying. As if i'm me.
I feel lying. As if i'm me.
I feel lying. As if i'm me. Control control control
Yeah I can control my body.
No I can't control my head.
Yeah I can control my body.
No I can't control my head.
