Car Crash

Telekinesis

love comes and goes
and everything flows
til you feel so lonely
you still feel so broken
it's a chemical reaction
based upon attraction
will I die alone?
you know I'm so concerned
you know I'm so confused
like a lost child
a little lost child
car crash
car crash late in the night
ohhhh, oh oh ohh
you're not wrong
but you were never right
ohhhh, oh oh ohh
and now I feel so lonely
feel so very light
last thing I know honestly
honestly I'm half the man
you all expect so much
give and take
give and take
give and I wake up so cold
without a thing to do
I thought that this was love
and now I'm more confused
I'm more confused
I'm more confused
car crash
car crash late in the night
ohhhh, oh oh ohh
you're not wrong but you were never right
c-c-c-car crash
c-c-c-car crash late in the night
ohhhh, oh oh ohh
you're not wrong but you were never right
and now I feel so lonely

feel so very
feel so lonely
feel so very light
