

Show Me The Way

Alexandra Stan

I was afraid to spell
And I know that you where too-(were not where)
If we try there is nothing to loose right now
There's just me and you(put your lips like this)BridgeI always remember, I can not believe
But my baby, you showed me
You showed me that is realRI've never felt this way
I love you, I love you
I've never felt this way
Baby you, you show me the wayI tought you were just for a night
But you seemed to be much more
I felt something insde my heart
What your eyes could show Strofa 1I was afraid to spell
And I know that you where too-(were not where)
If we try there is nothing to loose right now
There's just me and you(put your lips like this)BridgeI always remember, I can not believe
But my baby, you showed me
You showed me that is realRI've never felt this way
I love you, I love you
I've never felt this way
Baby you, you show me the wayI tought you were just for a night
But you seemed to be much more
I felt something insde my heart
What your eyes could show
