The End Is Over

Powerman 5000

Slip back, slip back in time
Before everything was gone
Can you converse with the universe
And let them know that they were wrong?It's all over, it's all over
So let's do it again
It's all over, the end is over
So let's do it again and again and againYou take the kill and it won't take long
I'll take the only thing that's left
Set it up, 'cause it's all enough
To put the endless soul to restIt's all over, it's all over
So let's do it again
It's all over, the end is over
So let's do it again and again and againThere's a chance to leave forever
There's a chance to go for good
There's a chance that the souls of those left behind
Are the souls of those who shouldThere's a chance to leave forever
There's a chance to go for good
There's a chance that the souls of those left behind
Are the souls of those who shouldIt's all over, it's all over
So let's do it again
It's all over, the end is over
So let's do it again and again and againIt's all over, it's all over
So let's do it again
It's all over, the end is over
So let's do it again and again and againAgain and again and again
Again and again and again, again
