

A Bit Of Muslin

Millencolin

I see her eating maggots
And I think it's cool
I watch her as she throws up
She's a bit of muslin
A vitriolic nasty girl
Mysterious in every way
Moving like a swirl, yeah
Fly guys surround her
Hoping she will be their girl
But this sphinx is a notion
Well, no man will ever get to her
I want her to recall the stuff
That she might have missed
I need her, yes, I need her
To be my stash
She's a bit of muslin

A vitriolic nasty girl
Mysterious in every way
Moving like a swirl
Fly guys surround her
Hoping she will be their girl
But this sphinx is a notion
Well, no man will ever get to her
She's a bit of muslin
A vitriolic nasty girl
Mysterious in every way
Moving like a swirl, yeah
Fly guys surround her
Hoping she will be their girl
But this sphinx is a notion
Well, no man will ever get to her
