Look At What I've Done

Chris Cagle

I saw it in her eyes when I was sayin', "Goodbye"
That girl, she ain't gonna be alright
'Cause I could tell that she'd be goin' through a livin' hell
And I, I wouldn't be there by her side
And Lord I felt so bad as I sat and watched her cry
Thinkin' I was movin' on and she was barely gettin' by
Look at what I've done to her, look at how I made her feel
I gave back her heart the broken part, she got the raw end of the deal
And look at what it's done to me, you gotta know it tears me up
I gave it everything I had and Lord, it just wasn't enough
Hurtin' her like this seems so wrong, yeah look at what I've done to her
Now she's alone
I saw her out last night and she was havin' a good time
That girl, it looks like she's doin' fine
But then I saw a man walk up and take her by the hand
And I, oh God I almost died
And then it hit me she didn't really need me
I just sat there for a while until I finally smiled
Yeah look at what I've done to her, look at how I made her feel
She's found somebody new and look who took the time to heal
And look at what it's done to me, gotta know it tears me up
To have walked away from the love we made
And just leave it in a cloud of dust
And now it's got me thinkin' maybe I was wrong
After all the things I've done to her, now she's strong
And I walked up and said, "Hello"
She said, "It's good to see ya but hey I gotta go"
And look at what I've done to her, look how I made her feel
She's standin' tall, she's got it all, got the world at her heels
And look at what it's done to me, yeah look at how it makes me hurt
If I could go back now I swear somehow, I'd find a way to make it work
Ain't life funny now I'm the one alone, yeah look at what I've done to me
She's gone
