

Encyclopedia of Classic Takedowns

[A.C. Newman](#)

Are we judged here by the things we say, or is it just the noise we make?

Long before you were a patent pending

There was a time you were the artist-friendly one
When you really have to move, you'll be amazed at the way
you learn to hide this stuff away

At the rider with the new headliner at the show

Only looking for some new venues you could outgrow
I didn't mean to live that many lies

Compiled in an encyclopedia of classic takedowns

I didn't mean to live that many lies

At the tail end of a long receiving line, you were a holdout
Someone really needs to turn the lights out, don't you
know there is a war on here?

It's time enough out on the dead-end streets, you're done exploring

Done it to death, haven't you?
I didn't mean to live that many lies

Compiled in an encyclopedia of classic takedowns

I didn't mean to live that many lies

At the tail end of a long receiving line, you were a holdout
I got the mail on the first day back in the loft
apartment left to rot

Left there listening to

If it gets more inappropriate, I don't wanna know
I didn't mean to live that many lies

Compiled in an encyclopedia of classic takedowns

I didn't mean to live that many lies

At the tail end of a long receiving line, you were a holdout
