

Run

Alison Wonderland

Don't take it down, don't take it down
I needed you another way
Giving up another won't break me
I'll take it all and let you lay
It's moving on so look away
Run
Don't take it down, don't take it down
(Take me here I'm higher, I'm higher
Gotta take me here, I'm higher
I'm higher)
I needed you another way
Giving up another won't break me
I'll take it all and let you lay
It's moving on so look away
Run
