

Leave It Alone

The Brian Jonestown Massacre

In kind that you lied,
In kind that you day.
Im pay with no mind,
Im leave on that way.Im wonder if rough oh,
If only to see.
Its went on a back,
Its fallow when need it.Its swallow on road,
Its end of the dreams.
Its speaking of language,
But what does it mean.
What does it mean.
So sit with me brother,
Its less of your love.
It's don't even brother,
But what (?) of turn.
So take your sweet time,
And take what you can,
And take what you need,
And leave off this land,
And leave off this land.
