

# Just as Strange

## Tedeschi Trucks Band

I can't leave that urge alone  
When I lay it down it says, come on  
Oh, I raised the devil on my own  
Gonna scratch and claw until it's gone Just as strange to me  
Weighing on my mind  
Riding on my trail  
Pay it down the line I'm going to live better, baby  
My wave's gonna break at dawn  
I'm going to sweat it out until I make it  
And be free from these chains that bound Just as strange to me  
Weighing on my mind  
Riding on your trail  
Pay it down the line Just as strange to me  
No one knows what I've found  
Just as strange to me  
Love is weighing on my mind Just as strange to me, whoa, I gotta do better  
Weighing on my mind, whoa, we'll make it this time  
We won't turn loose, we'll make it, we'll make it  
Pay it down the line, oh yeah, this time  
Just as strange to me  
We'll make it this time  
We won't turn loose  
Pay it down the line  
Just as strange to me  
Weighing on my mind  
We won't turn it loose, we'll make it, we'll make it  
Pay it down the line, oh yeah, this time  
Just as strange to me, just as strange to me  
Weighing on my mind
