Single Fathers

Shane Nicholson

Latley ive been spendin lots of time with my kid
Tellin him stories
About the things that we did
When we were a family
Long time ago
Ive answerd his questions
Till im blue in the face
Wish all that hurt in him
I could erase
But i tell him the truth
Cause he aint to young to know
Single father
Part time mother
When im not one
Then im the other
You used to be
My full time lover
Now im a single father
And a part time motherI spend every minute
I can with my boy
Theres no doubt about it
Hes my pride and joy
Someday he will grow up
And i wont have him no more
Some things i just find
Too hard to exsplain
So we go to mcdonalds
Or i buy him a train
And we go put it together
On the living room floor
Such is the life
Of a single father
He says daddy exsplain
If its not too much bother
While its just you and me
Living here in this home
I dont understand it
And neither does he
Why theres just two

When there should be three of us
Sharing this moment
Lord i feel so aloneSingle father
Part time mother
When im not one
Then im the other
You used to be
My full time lover
Now im a single father
And a part time mother
