Ifingi lyrics

Chorus (K'millian)

Twalipita mufingi twalimona ifingi
Iwe naine ndise bongwilana che paka ifa
Sinimafuna nokamba
Babe mutima wanga ninakomako ninataya na key (X 2)

Verse 1 (MJS Psalms)

Kumuchima kwanga ndiwe navalako
Chiye ibalako bonse bazako
Bakunza ngako when we chatting on a call
They see no worth all they see are my flaws
Forgetting that you know am a core in your heart
Just looking at you alla I see is your smile
We've been through a lot of you endured sunatabe
Let's go to next stage chibasiye chibabe
They have started throwing shade
They will hate till they fade
You the only one know me, in and out size and length weak and strength
Always on my sight when I need you by my side
Your never disappoint neither giving excuse
Our Love's genuine, we want no fuse
All the stalker get lost
We deserve the best
We've done the most through our couple goals

Chorus (K'millian)

Twalipita mufingi twalimona ifingi
Iwe naine ndise bongwilana che paka ifa
Sinimafuna nokamba
Babe mutima wanga ninakomako ninataya na key (X 2)

Verse 2 (MJS Psalms)

You've turned to reality the love I had in vision

I couldn't see clear what I had was blurred
Had many slayer before you came in my queen
My heart was so bitter you the reason for my smile
When I turn to my past alla say God's wow
We've been through a lot with my gal I won't lie
If you dare to leave though am a man I can cry
Now hold my hand lemme take you to my mama
I won't take long ain't miles I will fulfill marriage vows til death get a snatch
Gonna be forever by God's own grace
May God build our trust
Our love gonna last till we get to dust.
Been a rough journey but slowly we're approaching
See that on your face cause I catch you, gazing
In a blink of an eye, you gonna be Mrs me
