

Not Enough (feat. THEY.)

Lido

Whatever I do for you, girl, it's just not enough
Wherever I take your ass, seems like you started something
Should've known what we got into before we started fucking
Try to play by your rules, but it's still not enough
Girl you got me bugging, I can't front
Everything I do is not enough for you
Know that I've been tryna keep it cool (ooh yeah)
But I ain't got no patience to put up with you
I find it difficult to try and say
Sometimes you make me feel some type away
Sometimes I need a little time and space
I try, but I still feel like I can't please you
Whatever I do for you, girl, it's just not enough
Wherever I take your ass seems like you started something
Should've known what we got into before we started fucking
Try to play by your rules, but it's still not enough
Du-du-du, not enough
Du-du-du-du, not enough
Du-du-du-du, not enough
Not enough for you
Du-du-du, not enough
Du-du-du-du, not enough
Du-du-du-du, not enough
Not enough for you
Know that one chick, that thinks she's so bad
That she don't listen to her own mouth
She keep on thinking you owe her somethig
You think you might have to cut her out
It's got you like...
Huh, I don't need it anyway
She probably cheating on me anyway
Still let it in here any day
Shawty I don't games, I ain't tryna play
I find it difficult to try and say
Sometimes you make me feel some type away
Sometimes I need a little time and space
I try, but I still feel like I can't please you
Whatever I do for you, girl, it's just not enough
Wherever I take your ass seems like you started something
Should've known what we got into before we started fucking
Try to play by your rules, but it's still not enough
Du-du-du, not enough

Du-du-du-du, not enough
Du-du-du-du, not enough
 Not enough for you
 Du-du-du, not enough
 Du-du-du-du, not enough
 Du-du-du-du, not enough
 Not enough for you
All that noise that you're making over there
 Just take it over there, take it over there
 Shawty got problems, she take it over there
Take it over there, just take it over thereAll that noise that you're making over there
 Just take it over there, take it over there
 Shawty got problems, she take it over there
Take it over there, just take it over thereAll that noise that you're making over there
 (I ain't buying no flowers)
 Just take it over there, take it over there
 (She too used to be devil)
 Shawty got problems, she take it over there
 (I need me or Mariah)
 Take it over there, just take it over there
(Mariah or Seliah)All that noise that you're making over there
 (Like the type that I'd die for)
 Just take it over there, take it over there
 (What the fuck do I try for?)
 Shawty got problems, she take it over there
 (What, forgot that I lie for)
 Take it over there, just take it over there
