

Walk My Way (The Voice Performance)

Brynn Cartelli

[Verse 1]

Say you wanna say, talkin' is cheap

But you gonna pay a few keys

Lookin' at me

You got so much anger inside

That a body could start a fire

Inside of me[Pre-Chorus]

Oh, honey, inch to inch, just a little bit, ooh

Bring those mouthy lips wide into my grip, ooh[Chorus]

Walk my way, walk my way, walk my way, ah

Walk my way, so we can get closer, closer

Walk my way, walk my way, walk my way, ah

Walk my way, so we can get closer, closer

[Post-Chorus]

Baby, come at me, I dare you

Come after me, I dare you to, oh woah

Walk my way, walk my way, walk my way, ah

Walk my way, so we can get closer, closer[Verse 2]

Keep on teasing me with your words

And we'll see who gets there first

Like some kind of race

Touch me one more time like that

With scars behind my back

And we'll see what happens, oh[Pre-Chorus]

Oh, honey, it's an inch, a little bit, ooh

Bring those mouthy lips wide into my grip, ooh

[Chorus]

Walk my way, walk my way, walk my way, ah

Walk my way, so we can get closer, closer

Walk my way, walk my way, walk my way, ah

Walk my way, so we can get closer, closer[Post-Chorus]

Baby, come at me, I dare you

Come after me, I dare you to, woah woah

Walk my way, walk my way, walk my way, ah

Walk my way, so we can get closer, closer[Bridge]

I, I want you to

Fill up the distance still

We're face to face

I, I want you to

Round me up so much
It makes me sick[Chorus]
Walk my way, walk my way, walk my way, ah
Walk my way, so we can get closer, closer
Walk my way, walk my way, walk my way, ah
Walk my way, so we can get closer, closer[Post-Chorus]
Baby, come at me, I dare you
Come after me, I dare you to, woah woah
Walk my way, walk my way, walk my way, ah
Walk my way, so we can get closer, closer
