Say What You Want

Adina Howard

Adina Howard - say what you wantNow you've done
Told me all about his past
Reminding me that it won't last
And how I should just move on
You're tryin' to say you're doin' me a favor
When in all honesty gesture hater
Cause you don't have no one to love you like I doYou can say what you want
but I don't believe
one word you said
to make me think
I understand that game of confusion
You give me lead than u choosin'Once I'm out of the doe
You won't move ass enough to get you some
Some of that same .... you told me to ....
But it ain't goin' that way
Trayin' ... another day
You can say what you want
I ain't goin' no waySo in addition to what I've said
You're never gonna make it to his b...
So give it up and
Get it out of my ear
Cause I pick game
When you said
That all man are all the sameSo I told you to leave him
I told you to leave him
He ain't no good for you
He ain't nothin' but a doll
And he's always out with his boysYou can't get me to leave
Or change what I believe
