

# As Quick As It Comes / Carrera

## Calla

She's modified to simplify your everything  
And your telling me  
She's a tragedy So, if You wanna come down  
If You wanna come down  
So bring it on this time  
I can take it on Take your time and you will see  
Make a note of everything  
Let You see in front of me  
Make a move suddenly
