

Cold Metal

Iggy Pop

I'm a product of America
Walls to the prisonsCold metal
When I start my band, Cold MetalTractors caught me working
We sin, how we, how we sinCold metal, cold metal
Cold metal
Sounds lovely like a Hendrix tuneCold metal, in the afternoon
Sounds lovely like a Hendrix tune
Cold metal, it's the father of beat
The mother of the streetCold metal, it rolls on by
Cold metal, gonna raise it high
Cold metal, it'll even fly
Rust buckets in the skyCold metal, got to be
Skeleton of the free
Cold metal, it's gotta be
Better save a treeSave a tree, save a tree
Save a tree, save a tree, yeah
