I Quit

Vince Gill

When you said you were leavin'
I said here we go again
I ain't even breakin' even
In this game I just can't winThe cards are stacked against me
Your aces beat my twos
Seems like bad luck travels with me
Like I was born to loseI quit, I've had enough
Of fallin' in and out of love
I'm done, I'm through, that's it
If I can't have you, I quitYou were my only sunshine
In a world of pouring of pouring rain
So this will be my last time
I can't go through this againI quit, I've had enough
Of fallin' in and out of love
I'm done, I'm through, that's it
If I can't have you, I quitI'm done, I'm through, that's it
If I can't have you, I quit
