

# Love Letter (iTunes Originals Version)

Bonnie Raitt

Sittin' in front of your house  
Like rain in early dawn  
Workin' on a love letter  
Got my radio onGot my eye on your window pane  
And I smoked a lot of cigarettes  
Mercy, mercy but love is strange  
And you haven't even kissed me yetLook comes to push  
Push comes to shove  
Shove comes to touch  
Touch will come to loveWorkin' on a love letter  
Listenin' to a love song  
I'm writing you a love letter, love letter  
Got my radio on, radio, radioHope you get the message baby  
I know that you're gonna let me in  
It's real in your neighborhood  
And this is more than I'm gonna bendLook comes to push  
Push comes to shove  
Shove comes to touch  
Touch will come to loveWhy don't sit waitin'  
Why don't behavin'  
Love's waiting in the car  
In the car and rain nowWorkin' on a love letter  
Listenin' to a love song  
I'm writing you a love letter, love letter  
Got my radio on, radio, radioLook comes to push  
Push comes to shove  
Shove comes to touch  
Touch will come to loveWorkin' on a love letter  
Listenin' to a love song  
I'm writing you a love letter, love letter  
Got my radio on, radio, radioWorkin' on a love letter  
Listenin' to a love song  
I'm writing you a love letter, love letter  
I got the, I got the, I got the radio, radioWorkin' on a love letter  
Listenin' to a love song  
I'm writing you a love letter, love letter  
Got my radio on, radio, radio
