Mix Up, Mix Up

Bob Marley

Oh Lord, oh Lord, oh Lord, yeah
Well its not easy (easy)
Its not easy (easy)
Speak the truth, come on, speak it ever
...Judge it wisely
He who he who had a wrong idea
Surely did the wrong thing still
(Ooohhh) Get in the studio of..
studio of time and experience
(Aaahhh) Here we experience the good and bad
What we have and what we had
This session (session)
Not, another, version ..ohooh (version)
Lord, give me a session (session)
Not another version (version)
Theres so much stumbling blocks right inna our way
Monday, Tuesday, Wednesday, Thursday, Friday
Theres so much wanting, so much gain, so much Ive done
Doo Bup an wiggle mix up, its a mix up, yes
Too much ..oh feral mix up
Too much ah dis mix up, mix up
(Ooohhh) I was born in the country right on top of the hill
I still remain, I know I still I will aghh
(Aaahhh) So through your lack of respect and through your false pride
Someone gotta take Jah-Jah-Jah children for a ride
...Shut up!

Open the gate, and let the saints through
Please make it a session (session)
and not another version ..Ohhh (version)
make it a session (session)
And not another version (version)
Hey you been talkin all your mouth full of lies
In there and toppling and Lord they criticise
So through the eyes of fools, a deaf is wise
And through the eyes of the wise, the fools size
Sayin, too No-No mix up, mix up
Tew much so mix up, mix up
I wanna clear the wheel, once and for all

I wanna clear my wheel, I don't care who fall
I gotta clear my wheel, once and for allll...
Clear my wheel, I don't care who fall, fall
(Too much ..mix up, mix up)
Eh man Jah music why dont you wanna play
dont you know loser is the brighter day (a brighter day)
A people waitin for the message that you bring
they listening to ..Every word, that you say
Singing...
(Too much, mix up mix up)
(Too much, wiggle mix up)
You prove a love now
(Too much, mix up mix up)
Yes ..could you prove a love now
(Too much, wiggle mix up)
They just cant stop you now
(Too much, mix up mix up)
