Lost In the Shuffle

Michael Peterson

Made it Monday,Tuesday,Wednesday
Made it through Friday night
Work week drove me out of my mind
Now it's outta sight
Got til Sunday to do things our way
Here's how it's gonna be
I'll follow you out on that floor
If you'll follow meWe're gonna get lost in the shuffle
It's gonna be an all night, hold tight, feels right now kinda scuffle
An invitation to dance on the double
Forget about your troubles baby
Let's get lost in the shuffleGonna take my chance with a little line dance
Baby put your hand in mine
Oh, let me sweep you off your feet
Leave your blues behind
Every time you swing me girl
You know it brings me
Two steps closer to loveWe're gonna get lost in the shuffle
It's gonna be an all night, hold tight, feels right now kinda scuffle
An invitation to dance on the double
Forget about your troubles baby
Let's get lost in the shuffleMama says baby loves shortnin' bread
Baby loves bein' with me instead
Mama wants baby back home in bed
Let's forget about what Mama saidWe're gonna get lost in the shuffle
It's gonna be an all night, hold tight, feels right now kinda scuffle
An invitation to dance on the double
Forget about your troubles baby
Let's get lost in the shuffleForget about your troubles baby
Let's get lost in the shuffle
