

# Lost In the Shuffle

[Michael Peterson](#)

Made it Monday, Tuesday, Wednesday  
Made it through Friday night  
Work week drove me out of my mind  
Now it's outta sight  
Got til Sunday to do things our way  
Here's how it's gonna be  
I'll follow you out on that floor  
If you'll follow me We're gonna get lost in the shuffle  
It's gonna be an all night, hold tight, feels right now kinda scuffle  
An invitation to dance on the double  
Forget about your troubles baby  
Let's get lost in the shuffle Gonna take my chance with a little line dance  
Baby put your hand in mine  
Oh, let me sweep you off your feet  
Leave your blues behind  
Every time you swing me girl  
You know it brings me  
Two steps closer to love We're gonna get lost in the shuffle  
It's gonna be an all night, hold tight, feels right now kinda scuffle  
An invitation to dance on the double  
Forget about your troubles baby  
Let's get lost in the shuffle Mama says baby loves shortnin' bread  
Baby loves bein' with me instead  
Mama wants baby back home in bed  
Let's forget about what Mama said We're gonna get lost in the shuffle  
It's gonna be an all night, hold tight, feels right now kinda scuffle  
An invitation to dance on the double  
Forget about your troubles baby  
Let's get lost in the shuffle Forget about your troubles baby  
Let's get lost in the shuffle
