

Talk About Dying

The Inspirations

Verse 1

Now as long as I shall live down here
I have nothing to dread or fear
For I have Jesus walking closely by my side

I don't worry about tomorrow
Or if I might leave this world
For I know where I'm going when I die

Chorus:

Talk about dying (that's my very last trial)
Jordan (that's my very last river)
Zion (that's the last old mountain that I'll never gonna have to climb)
Talk about Heaven (my home eternal)
Jesus (my savior supurno)
Glory (that's where I live forever more)

Verse 2

I see Lazarus at the gate
For Something he had to wait
He had nothing but Jesus to claim

But when death came to get him
A band of angels carried him away
If you could of been there
We might have heard him say

(Chorus)x2
