

# Sunrise

## Declan De Barra

I gotta hold on as these days go by  
I keep on falling, you walk away  
I gave you everything that I had to give  
Made my sacrifice but you won't let me live  
Love is so green in a beautiful kind of way  
You've got me wrapped around your prison ball and chain  
I gotta hold on as all these days go by  
Hold on baby, yeah  
'Cause I'm falling and you keep on walking away  
And I cannot see the sunrise, yeah  
You can never tell which you're gonna be  
'Cause you're so obsessed with your personalities  
Love is so sick and you know God is love  
You think you're something, something from above  
I gotta hold on as all these days go by  
Hold on baby, yeah  
'Cause I'm falling and you keep on walking away  
And I cannot see the sunrise  
I gotta hold on as all these days go by  
Hold on baby, yeah  
'Cause I'm falling and you keep on walking away  
And I cannot see the  
I gotta hold on baby as the days go by  
I keep falling and you keep on walking away  
And I can't see the sunrise
