

# I Don't Know Why

## Level 42

I don't know why I love you like I do  
But baby I love you and always I'll be true  
I know sometimes you treat me like a fool  
Try to bend me to your rules but I love you all the same  
'Cause when we're together and every thing's alright  
I'm a king for the day  
I don't know why I fall but don't fall down  
But I never touch the ground whenever you're around  
I don't know where we may be tomorrow  
If you lead I will follow and we'll get there just the same  
I'll always love you every day and night  
Come and take me away  
Can't you see that you're the only one and I'm open wide  
You saved me from being a lonely one, you caught me inside  
With a feeling I can't resist, you take me away  
And I'll never get over this a king today  
River, I'm swimming in a deep river  
I hope that river is a long river  
Well I know sometimes that you like to play  
Messing with my mind but I love you anyway  
I don't know why you say what you say  
Every night I pray that you never go away  
Well I know sometimes that you like to play  
(It's a game you play)  
Messing with my mind but I love you anyway  
(I love you anyway)  
I'm trying hard to say that I love you every day  
(Despite the things you say)  
But I'm hoping and I'm praying that you never go away  
(never go away)  
'Cause when we're together and every thing's alright  
I'm a king for the day  
And I'll always love you every day and night  
Come and take me away
