

# Music For Love

## Mario

Right about now Girl turn me up and let me come through your speakers  
Blow the sound out of your tweeters  
Cause Baby (girl) this is the music for love Shawty don't be scared just let the bass line hit you  
Boom boom  
All up in your system cause baby (girl)  
This is the music for love Girl let my frequency just flow through your body  
Get this party started cause baby, baby (girl)  
This is the music for love put me on repeat girl  
Lets go again and again no matter am or fm  
Cause baby (girl) this is the music for love  
Wow, we could play the music loud whenever nobody's around  
Cause if the sound, it starts to wake up the neighbors  
We gonna have to turn it down, down, down, down  
I'm about to have a real eruption  
There's gonna be no interruptions  
Baby come push my buttons  
Ill show you all my functions  
Press play and let me start  
Fast forward to your favorite part  
After we done hit rewind we'll go back to the top Girl turn me up and let me come through your speakers  
Blow the sound out of your tweeters  
Cause Baby (girl) this is the music for love Shawty don't be scared just let the bass line hit you  
Boom boom  
All up in your system cause baby (girl)  
This is the music for love
