

# When I Was All Alone

**Paul Williams**

People looked right through me  
When I was all alone  
Never seemed to notice I was there at all  
Always seemed to look the other way  
Winter days were colder  
When I was all alone  
Wasn't I surprised to feel this warm inside  
The way it feels to be alone with you  
So if I try to hold you  
And I might try to make you stay  
Remember I have tried to hold the colors  
Of the morning sun  
Tried to keep it shining  
When the summer's day was done  
So you must know that I was lonely  
When I was all alone  
Love was not an easy word to laugh about  
And still it's not an easy word to say  
When I was all alone  
Wasn't I surprised to feel this warm inside  
The way it feels to be alone with you  
So if I try to hold you  
And I might try to make you stay  
Remember I have tried to hold the colors  
Of the morning sun  
Tried to keep it shining  
When the summer's day was done  
When I was all alone
